

Why subscribe to **SpeechExec version 11** ?

The new Philips SpeechExec software is now available on a subscription basis to meet users' needs even more efficiently.

This new business model has many advantages!

Always up to date

While subscribed to SpeechExec you can enjoy all the benefits of software updates. Simply activate the “automatic update” option and everything is done automatically and transparently.

Compatibility with your IT environment

The SpeechExec updates guarantee total compatibility with all the latest releases of Windows operating system.

All your users working on the latest software version

Switching the licenses to the subscription model enables you to have a homogeneous environment with all your users working on the latest version of SpeechExec.

Your license is portable

SpeechExec licenses are now assigned to individual users, not to individual PCs, giving you the freedom to work from your desktop at work or from a laptop off-site.

Security

Your SpeechExec license is now linked to your email address, allowing you to easily and securely reactivate a license in case of a machine failure.

No downtimes

The new SpeechExec license model contains regular software updates, guaranteeing a high level of performance so you never experience interruptions on your work.

Cost savings

All SpeechExec updates and new features are included in the subscription package at no extra cost, so no unexpected charges for software upgrade.
